

# CUSTOM BROADCAST CONSOLES AND NEWS DESKS

*Built locally in Georgia.*

# watsonUNLIMITED

custom broadcast consoles

Watson Unlimited LLC in partnership with Carter Customs LLC designs and builds affordable custom production news desks and consoles for broadcast control rooms and studios. Each desk is turnkey and provides the required infrastructure for equipment integration, including control, video and power interconnects. Combining custom infrastructure with various design and style options. Bring style and professionalism to the forefront of your broadcast studio. Locally sourced premium components provide consistency and flexibility in our designs. Our Hallmark Console and Arched News Desk design options ensure a custom aesthetic for numerous broadcast control rooms and studios.

WE BUILD CUSTOM DESKS AND CONSOLES TO ORDER.
